

**NATIONAL SERVICE
COOPERATIVE**

**WHAT
WE
DO...**

Gehl's Cheese Dispenser Retro-Fit

Managed inventory, shipment and installation for 16,000+ fan blades on cheese dispensers at end user sites. Provided to Gehl's an asset tracking program identifying and recording actual location of their equipment for future data management. Handled all invoicing from service providers and payments to them from our centralized location.

Red Bull National Service

Exclusive National Service Network for all Red Bull coolers in North America. Operating a 24/7/365 call center for service requests for both end-user and warehouse repairs. Handled all invoicing from service providers and payments to them from our centralized location. Provide asset tracking on equipment performance and service provider performance. Followed all EPA guidelines for refrigeration services.

Red Lobster Broiler Installation & PM's

Coordinated the installations of broiler equipment and managed a PM Program to maintain the operation of the units. Developed cost benefit analysis of PM vs. no PM service to validate the value of PM services.

Pizza Hut Oven Retro-Fit

Managed the re-calibration of ovens to accommodate a new product rollout in 3,000 ovens in over 1,500 locations. Completed on a tight 7 week schedule to accommodate new marketing campaign rollout for new product. Handled all invoicing from service providers and payments to them from our centralized location.

McDonald's Bun Toaster Retro-Fit

Managed the re-calibration of all McDonald's toasters for a new product rollout. Completed on time for the advertising of the new product. Handled all invoicing from service providers and payments to them from our centralized location.

Little Caesars Distribution

Exclusive parts distribution center for all Little Caesars locations in the United States. Managed the inventory, shipments and parts identification for technicians and end users. Provided usage reports to Little Caesars management for equipment evaluation and purchasing decisions.

Gatorade Graphics Change Out and PM

To accommodate the new Gatorade marketing campaign, all graphics needed to be changed out on coolers at every US end user site. NSC coordinated and managed this project and handled all invoicing and payments to the service providers performing the work. In addition, all service providers performed a PM on the coolers to ascertain the optimum operation of the coolers.

Direct Supply Installations

Managed and coordinated the installation of various kitchen equipment pieces for a chain of nursing homes numbering 3,000+ in the United States. Orders were placed with Direct Supply and the NSC assigned, coordinated, installed, performed the start up and handled the invoicing for a full turn-key operation. In addition, we handled the removal of the existing equipment according to all EPA and local guidelines.

Sterilox/PuriCore Manufacturing National Service Set Up

Established, contracted, trained and managed a national service network to cover every zip code in the United States. Handled the 24/7/365 call management center as well as invoicing of all service, pm and installation jobs. NSC also provided trouble shooting services to end user customers eliminating the need at times of service technicians going to the job site. This provided a substantial savings on warranty service and we were able to measure the cost avoidance in comparison to the overall job costs.

“You Can’t Manage It... If You Can’t Measure It”

We are the experts for your most critical facilities assets...

your kitchen equipment.
